

Dear Shareholders,

Assalamu alaikum wa rahamatullahi wa Barakatuh!

(May the Peace, Mercy and Blessing of Allah be with you!)

On behalf of the Board of Directors and the Management team of **Al Madina Insurance Company** ("Al Madina" or "the Company"), I am pleased to present the financial results for the period ended 30th June 2025.

Through the successful execution of strategic initiatives, Al Madina has enhanced operational efficiency and achieved Gross Written Contributions (GWC) of RO 23.2 million in the Q2 2025. This performance reflects our disciplined underwriting and focused sales approach.

The financial statements for the period have been prepared in accordance with newly implemented FAS 42,43, and 30 standards. As required, specific comparative figures from prior periods have been restated for consistency. Transitioning to the new standards posed significant challenges, primarily due to changes in accounting and actuarial practices, including the application of Risk Adjustment, Discounting, and enhanced reserving techniques. Despite these complexities, your Company has ensured full compliance, demonstrating our commitment to transparency and adherence to globally recognized, Shariah-compliant accounting standards.

As a result, your Company reported a Profit After Tax of RO 0.833 million in Q2 2025, compared to RO 0.816 million in Q2 2024, as restated under the new standards. If we were to continue reporting under the previous AAOIFI standards, the total profit after tax for Q2 2025 would have been RO 1.721 million. (2024 Q2: RO 0.715 million).

Results from Operations

The global reinsurance market has continued to harden, characterized by reduced capacity, increasing claims, and heightened pricing pressures. These conditions have led to higher reinsurance costs and lower commission income.

Despite these headwinds, Al Madina has maintained stable growth by reinforcing the adequacy of its reserves and diversifying across all business lines. This strategic resilience has supported our consistent performance.

Q2 2025 financial performance reflects your Company's ongoing commitment to generating a sustainable surplus from takaful operations safeguarding participants' interests while consistently creating value for shareholders.

In Q2 2025, Recognized Takaful Contribution increased by 6%, reaching to RO 20.1 million compared to RO 18.9 million in Q2 2024. Furthermore, the Participants' Fund surplus from takaful operations under the new accounting standards increased to RO 0.019 million in Q2 2025, as compared to a deficit of RO 0.413 million in Q2 2024 (as restated).

Our focus remains on enhancing core capabilities, improving loss ratios, and delivering value to both participants and shareholders.
